FYI

Our records indicate that you may own oil, gas and mineral rights in De Soto Parish, Louisiana. Have you ever considered selling all or a portion of those mineral rights? At Arete Acquisitions, our goal is to help mineral owners like you explore the option of selling those rights.

When you contact Arete, we will match you with one of our experienced and knowledgeable landmen. Your landman will discuss an offer* with you, describe the steps to accomplish a sale and answer any questions you may have. And this is all at no cost or obligation to you!

*Offers are based off of current production and you will be asked to provide proof of production such as a recent royalty check stub from your operator.

Why should you choose Arete?

- **We put people first.** That means we are focused on you and your financial goals.
- **Excellence is in our name.** Arete is the Greek word for excellence, and we will settle for nothing less in every deal, interaction and communication with you.
- **A winning partnership.** We do our best to meet your needs, and our entire process is at no cost to you. That includes document preparation, administration and closing fees. We will also work with your own trusted legal team.
- **We give back to the communities we serve.** In 2020, Arete gave back to various organizations and charities throughout Louisiana, Oklahoma, Texas and Utah. And we are committed to continuing to support local organizations throughout 2021.
